

CVD Diamond Products

We supply a complete range of CVD Diamond Products in the form of mono, poly and nano-crystalline in various sizes and shapes for a wide range of engineering applications such as detector, optical windows (for high power CO₂ Laser, microwave devices, etc.), thermal management (as heat spreader, IC, Laser Diode and Array, etc.), cutting tools, etc. Customized solutions, suiting to specific applications, for CVD diamond products are also available.

Our competitive strength is high quality with cost efficiency.

CVD – Mono, Poly and Nano-Crystalline Diamond

Electronic, Optical & Thermal Grade

CO₂ Laser Exit Window
